Chapter 27 Help Her Out

“Luna, Mr. Shen is out of breath, you are out of Donghuang, and you have a bite of food elsewhere. Otherwise, if you step out of Donghuang, someone will pull you away in the next second. Do you believe it or not?” Alora Smith said lightly.

letter! ... Luna trembled all over, and she lay down on the ground in fear, picking up money from the ground as she laughed at Anna Jian at the beginning.

On the side, Jenny also played a drum in his heart, looking at Danny Shen in fear.

A handful of banknotes were thrown on the crystal table by Danny Shen: “Do you know how to sing? A song for a thousand yuan, sing 50 songs, take the money away, sing dissatisfied, fainted in the middle... Recently it happened to be in Southeast Asia. Out of stock.”

This “goods” obviously does not refer to goods in the traditional sense.

Jenny felt a “boom” in his heart. So far, if the two of them didn’t know why they suffered, they would really be a fool.

They knew the reason, but they couldn’t understand why that Anna, that cleaner, finally needed the big boss behind the scenes to come forward and punish them.

“Mr. Shen, I can sing,” Jenny said, “But I just don’t understand, Anna Jian, she is just a cleaner! No talent and appearance, nothing, we just made a joke with her. Shen We must be punished, we agree, but President Shen’s punishment is too harsh, right?”

joke?

Danny Shen glanced at Jenny with a smile but not a smile. That face was charming enough, but at this moment he had no interest in admiring. Such a person, in his eyes, was like chewing wax.

However, at this time Jenny, the appearance of fighting for reason, made Danny Shen feel familiar, just like the woman three years ago, in front of him, the same unwillingness, the same reasoning, and the same not admit defeat.

In a moment of loss of consciousness, Danny Shen withdrew the gaze that fell on Jenny's face... No, the charming woman in front of her was too far away from the one she was three years ago. This woman named Jenny did not have the arrogance that was in Anna Jian's bones three years ago, and lacked her charm.

Jane Tong...

When Danny Shen thought of the woman's wretchedness now, it was not at all like the scorching sun of the year, and there was a burst of unreasonable irritability in her heart, and even the last bit of patience with the two women in front of her was exhausted.

"Alora Smith, teach her the rules." His cold lips moved.

"Yes."

Alora Smith stepped on high heels and stood in front of Jenny, with an elegant but icy smile rising from the corners of her mouth: "Jenny, the rules of the Eastern Emperor have always been strict. It is a matter of competing with each other, but the fire is too high. Close one eye."

At this point, the conversation suddenly became sharp: "And this time, you are too much."

Nothing else, Alora Smith just wore an elegant and cold smile, and stared at Jenny in front of him lightly: "You are a wise man. Next, you know what to do."

Jenny was unwilling to resign, gritted his teeth, glanced at Alora Smith, and took a deep breath: "Sister Alora, I sing!"

One by one, just like when she tossed Jane Tong at the beginning, every capital was high pitch. Until this moment, Jenny realized the pain of Jane Tong singing.

She didn't know which song she had sung, and couldn't help it anymore: "Sister Alora, can I have a glass of water?"

"What did you say?" Alora Smith smiled without saying a word.

Danny Shen was cold and cold. Fifty songs seemed to be done very well. Danny Shen witnessed Jenny singing one after another, and witnessed the singer with his own eyes. She was a little bit hoarse in her voice and looked embarrassed... that woman, It was the same at the time?

Jenny's throat, the song she sang, has long been out of tune. He whispered and swallowed desperately. Even if you were watching, you could tell at a glance that she was dry and uncomfortable at the moment. Danny Shen looked at her with a cold face, "Can't sing After that, you can go to Southeast Asia to "play" for a few days."

Jenny's body trembled suddenly, his eyes widened, and he looked at the man on the sofa in fear, and said eagerly and hardly: "Mr. Shen, I will sing now."

As time passed bit by bit, Luna felt fortunate at this moment. Fortunately, she hadn't had time to attack Anna, otherwise... she couldn't imagine how miserable her consequences would be!

The longer the person stays in the East Emperor, the better they can understand what the word "East Emperor" means in city s!

Finished fifty songs.

"President Shen, people passed out."

Alora Smith said.

Danny Shen stood up, her slender thighs stepped forward, without looking back, she indifferently dropped the three words: "Throw it out."

...

Where is Donghuang?

Here, there are the survival rules here.

Those who can stay here and get mixed up with the wind and water naturally all have different abilities.

In the East Emperor, an invisible wind blew up, and everyone tightened their skins and woke up. About Luna and Jenny, almost everyone said nothing, as if these two people had never stayed in Donghuang, as if Donghuang had never had these two people, and they had never seen them.

"Hey, Xiaoxiao, I haven't seen Luna and Jenny for several days." Susie said suddenly in the staff's temporary rest room while resting in the midfield.

In the lounge, more than a dozen people with aspirations lost their voices. Before discussing the topic of XX famous brand XX, it stopped all at once, and the audience was silent.

“What’s wrong? Why don’t everyone talk?” Susie looked around with a look of doubt.

The people she saw immediately turned aside and pretended to be busy with their own affairs, and no one took care of her.

“Xiaoxiao? What happened?” With such a weird atmosphere, the second monk Susie couldn’t figure it out.

The latter hesitated. After all, Susie was in the same group as her, and he was very hesitant, “Mu Mu, actually, Zhen...”

“Xiaoxiao, let’s go, and change the venue.” Suddenly, someone interrupted Xiaoxiao, the person stood up and called Xiaoxiao, all the other people in this room rustled up to their feet. “Go, Xiaoxiao, work.”

Susie’s expression was not good at the time, and Shula stood up suddenly: “Annie, what do you mean? Don’t let Xiaoxiao talk to me? Who are you from Xiaoxiao?”

The person who interrupted Xiaoxiao was called Annie. She was very beautiful, even more beautiful than the Gongguān department. However, she had been in Donghuang and insisted on doing fuwu for two years. After hearing this, she stopped and turned around. body:

“Idiot, you should take care of your own affairs.” Annie’s eyes were very ironic. This Susie thought she was out of the mud but not stained. His face was “inviolable” all day long. It was so pure. Go to a small restaurant to work. Go to jiānzhi weekend etiquette, what do you do in Donghuang?

“Who are you scolding?” Susie became angry from embarrassment.

Annie raised her brows: “Whoever answers, I scold someone.”

Xiaoxiao pulled Annie from the side and signaled Annie to forget it.

Susie misunderstood the meaning and looked at Xiaoxiao angrily, his eyes filled with grief and anger of being betrayed: “Xiaoxiao! I didn’t expect you to be like this!”

“Mu Mu...”

"Xiaoxiao, ignore her." Annie interrupted Xiaoxiao and raised her eyebrows to look at Susie: "Susie, you are so good at it."

This Susie... she herself is the next person to suffer. Can be so stupid as self-righteous. In the toilet today, I was still telling others that she was deceived by that Jane Tong. It turned out that Jane Tong was so mean.

If people want to die, Yan Wangye can't pull it back.

Chapter 28 President Lu

Anna Jian was recuperating in the hospital, and she was not at ease.

"Why are you back?" Alora Smith didn't expect to see Anna Jian at Donghuang tonight: "You are still ill."

"Sister Alora, it's okay, I have enough rest." What I was thinking about was all debts: "Sister Alora, I'm really all right, can I... please help me see if there is me What can I do? I... can do anything."

"You..." Alora Smith looked at the humble but stubborn Anna Jian in front of him. The words in his throat could no longer be said.

Sighed, "I'll go and see."

"Sister Alora." When Alora Smith was about to leave, Anna Jian suddenly stopped: "Sister Alora, I...thank you." After speaking, he quickly buried his head.

Alora Smith looked suspicious of her eyes... Did she make a mistake?

Anna Jian... is blushing?

But, is there anything worth blushing? I didn't help much, it was just a matter of effort.

In the end, how humble and helpless a person must be, deep down in his heart, so that he can blush with embarrassment and express his uneasy thanks because of the effort of this idea?

Mr. Shen... what have you done to this stupid woman!

Alora Smith let out a vague “um,” she didn’t dare to continue facing this stupid woman... the humbleness of this stupid woman seemed to flow out of her blood. The more so, the less she dared to look at this person.

A good person, a living person!

Not long after, Alora Smith came back: “Follow me.”

“Ok.”

As always, she never asked more.

Alora Smith felt even more uncomfortable, but Anna Jian’s words “Alora, I’m worthless” sounded in her ear, and she sighed silently. Alora Smith took Anna Jian into the elevator and gave Anna Jian along the way. Explain the situation:

“After a while, don’t be afraid. This President Lu has always been low-key and mysterious, the Lu Group, do you know? Today this person is the boss of the Lu Group.

But don’t worry, although President Lu is mysterious and low-key, he returned to China two years ago and took control of Lu in just two years. It is rumored that his sexual orientation...well...somewhat unusual.

Cough cough, so don’t be afraid. You will not only go in the box later, but stand among the others and pour the wine. “

www.onlinefreenovels.com

Lu family...Anna Jian froze for a moment. Three years ago, she was still the big Miss of the Jian family. As the second generation of entrepreneurs in Mingzhu City, she certainly knew this Lu family.

I was afraid for a while, afraid to face the group of Miss who played and banquet together... Today, what is left of her when facing that group of people?

Fortunately, Sister Alora said, this Lu always returned to China only two years ago.

Anna Jian sighed in relief. As for what Alora Smith said, this general Lu’s sexual orientation is...abnormal, so why did he come to Donghuang, and it was the female Gongguān, Anna had doubts, but she did not ask.

Don’t ask, don’t ask.

Standing outside the box, pushing the door in, and seeing everything in the box, Anna Jian suddenly understood, oh... the boss of the Lu family is here to entertain the guests.

In the box, there are seven or eight gongguān members, including two men.

Alora Smith watched Anna Jian into the box with complicated eyes... She wanted to help this stupid woman, she could only use this method to help this stupid woman.

I hope this stupid woman can be free and free from shackles.

God... shouldn't be so cruel, shouldn't it?

When Anna Jian came in, the atmosphere in the box was strong.

She came in quietly, lowered her head, and stood on the side, low-key as if she didn't have any sense of existence, just like Alora said, just mix in it and pour the wine.

Under the dim light, she was trembling. Although no one could see it, she was trembling through a layer of clothing.

He buried his head tightly, no one saw the corner, panic in his eyes...how could it be! How could they be here!

She tried her best to lower her sense of existence, she tried her best to turn herself into air, she...want to be air at this moment!

Why... how can they be there too?

Subconsciously, Anna Jian quietly leaned towards the place that he thought was safe in his subconscious mind. Here, the safest place is...beside Mr. Lu.

"You are shaking."

Suddenly, a gentle voice sounded, the sound was not loud, and it sounded like thunder in Anna Jian's ears!

There was a thin layer of sweat on his forehead unknowingly, and Anna Jian did not dare to get out of the air, "Mr. Lu, the air conditioner may be too cold. I will pour you wine."

She moved to Mr. Lu's body, squatted down, and poured her wine without saying a word.

The wine was full, but Mr. Lu next to him did not raise his glass.

Just looking at the woman at her feet playfully... "How do you know that there are so many people in this box, I am "Mr. Lu"?"

Anna Jian's face turned pale...Yes, how did she know that this person is "Mr. Lu"! unless.....

"Do you know the other people in this box?" Mr. Lu asked in a gentle voice, reflecting sharpness under the gold-rimmed glasses.

"I...I guess." Anna Jian's breathing is disordered, she can't imagine. If she didn't pass the blunder this time, if she was recognized by "them", she couldn't imagine, then she would...

"Mr. Lu, I guessed it, really."

As time passed by, the playful sight on top of her head made Anna Jian feel uncomfortable and torment all over her body.

"What happened to Mr. Lu? Why don't you drink?" Even after three years of isolation, Anna Jian was still too familiar with this voice!

How to do?

How to do!

Once her own "benefactor" mentioned her, she couldn't hide her.

Three years later, facing her former playmates and even some former suitors here, she is terrible now!

How to do!

Before she knew it, Anna Jian panicked. She crawled at the feet of a strange man. Her hand unconsciously grabbed Mr. Lu's trouser legs, as if asking for help. She grabbed it tightly, and then grabbed it for help. The straw is average.

Under Mr. Lu's fine-rimmed gold-rimmed glasses, a sharp, drooping eye was reflected, and it scanned the creeping woman in front of him... he was taken aback for a moment, put away his impatience, leaned forward slightly, and reached out to raise the crystal table. The wine glass on the stage was lifted up in one gulp, and then looked up at the others with a chuckle:

"It's okay." As he said, his body suddenly got up. At the same time, he stretched out his hand to pull up the woman who was squatting on the ground, and the action was done in one go.

Anna Jian didn't have time to react. He only felt that he was being pulled up and his eyes were black. When he opened his eyes, he realized that he had been pulled up unknowingly and pressed his face to his chest.

I heard President Lu's gentle voice:

"Everyone, have a good time, I will treat you tonight." The melodious voice landed, and Anna Jian was taken out of the box.

Several people in the box showed expressions of "all know" to each other.

"The outside world has heard that Mr. Lu's sexual orientation is abnormal. It's just nonsense, spreading rumors, this is spreading rumors."

One said.

"Mr. Lu, a moment is worth a thousand dollars. It's so fun." Amidst the joking voice of a group of people, Anna Jian was hugged by a strange man, exited the box and closed the door silently behind him.

Chapter 29 The Crazy Woman

Mr. Lu turned around, Anna Jian was pushed out, opened her eyes, and she stayed, "Mr. Lu? You... why did you bring me here?"

Here is a box very similar to the previous box.

Who is she? She is just a prisoner, don't cause troubles that you can't cause.

All the people and things that made her feel uneasy, Anna Jian instinctively wanted to avoid... She didn't have anything that she could get her hands on, or anything she could afford to lose.

Subconsciously, she hurriedly said: “Mr. Lu, it’s okay, I’ll leave first.”

Saying “walk”, her legs and feet cannot walk fast, but her heart is eager to get rid of the person in front of her who may pose a threat to her. This caused her to walk in a very uncoordinated posture. In his eyes, it is very funny.

Jane Tong dragged her legs and walked to the door funny, Mr. Lu put one hand in the pocket of the suit pants, his brown eyes under the gold-rimmed glasses, and watched her with a smile when she walked to the door of the box. He didn’t stop him, as if let her It doesn’t matter if you come and go freely.

Anna Jian stretched out his hand and held the doorknob in front of him. He sighed in relief. With his forearm, he pushed open a gap. The light leaked from the gap. The light in the unused box became dim, and the light suddenly shot on. Her eyes closed sharply... “Ah!”

The moment she closed her eyes, the world was spinning, her wrists were dragged, and her strength was not necessarily great, but her thin body and inconvenient legs and feet caused her to be torn to the ground.

After regaining his senses, Anna Jian raised his head and ran into a face with a sword and axe, unable to see clearly, it was very fuzzy in the dim light.

There was a hand towards her face and stretched out.

“what are you doing!”

She hides.

“Don’t move.” It was still the gentle voice, the voice of President Lu, slowly commanding.

Anna Jian’s face turned pale, and the three years of jail has long transformed her from the proud Anna to the sensitive and pitiful insect. Mr. Lu’s voice is very gentle, but she heard from this gentleness. A trace of coldness...like Danny Shen!

Danny Shen... Danny Shen... Danny Shen... He and Danny Shen are the same, he will hurt himself! Anna Jian’s eyes were flustered, and she was about to move away.

There was a sound in the ear:

“Are you disobedient? I hate disobedient toys the most.”

Anna Jian's body shook, his face turned pale suddenly, the light was dim, or even dark, and he couldn't see his face clearly, and only vaguely saw the vague outline of a sword and axe in front of him... Mr. Lu? Danny Shen? Mr. Lu? Danny Shen?

Who? Who the hell is it?

Her thinking began to appear confused, her breathing became short, and two names were rapidly rotating in her mind: President Lu, Danny Shen, President Lu, and Danny Shen.

"The disobedient toy must be closed and adjusted."

The voice sounded again.

Anna Jian's body trembled insignificantly, the whole person, even the very small movements, stopped, his eyes widened in panic, fear came out of his eyes... Danny Shen! Don't shut me down!

"Ah! Don't close me, don't close me, don't close me!"

The six words "Danny Shen" and "lock up" are enough to drive her crazy, "Please, I'm wrong, I'm wrong, don't shut me, please, don't shut me, I will never dare anymore Don't dare anymore!"

President Lu was swayed by the woman in front of him who was waving wildly like crazy. He was caught off guard. He froze for a moment, and then recovered. His gentle face gradually became cold. The others were tall and magnificent, and caught Anna Jian waving wildly in the air. Two arms, angrily cried secretly:

"Are you crazy!"

"Go away and go away, ahhhhhhhhhhh"

President Lu has never been treated like this before. There is a switch on the wall. He reached out his hand and pressed it, and the whole box was brightened.

He was even more annoyed. One hand controlled Anna Jian's arms, freed up one hand, and pinched Anna Jian's chin: "Hey! Have you had enough trouble! Crazy..."

"Hiss~" Mr. Lu's voice stopped abruptly, the face and eyes in front of him made him take a breath.

Crazy look, empty eyes...what the hell is going on with this woman!

A gleam of light flashed under President Lu's Phnom Penh's eyes. He is a wise man. Since they didn't know each other before, then...in a short while, he would be able to guess this woman, fearing that he would be regarded as someone else.

With his face changing, Mr. Lu quietly let go of his hand and withdrew to a safe range. At this time, he couldn't call him a man, slap this crazy woman, and wake her up, right?

The best way is to stay away from her and wait for her to wake up.

The sight in the box was dim, and the whole box was quiet, with only the woman talking to herself.

President Lu looked at Anna Jian coldly, and the frequency of the woman talking to herself was getting lower and lower. Until it was completely quiet, Mr. Lu raised his foot, stepped on the cold floor, walked in front of her, and stopped.

He stretched his hand towards her, and Anna Jian subconsciously glanced aside his head.

A soft laugh came into the ear, "Are you awake?"

Anna Jian was a little embarrassed... after all, he was hysteria.

"Sorry, I might, I feel sick today, Mr. Lu, I scared you, sorry."

President Lu sneered. The next second, Anna's forehead was hot. She heard President Lu say: "Don't hide, I just want to ask you, how did the scar on your forehead come from?" Take her out That box, just to see this scar.

what?

Anna Jian was a little confused, and then said casually: "I fell."

"Fall?"

"It just fell."

That is, fell, ha.

She lowered her eyes, "Can you let me go, President Lu?" That scar, she was not used to showing people in front of others, and was not used to letting others touch him. President Lu let go and looked at the woman in front of him, a little anxious. The one covering the scar, hurriedly gathered bangs to cover the scar on the forehead.

"I'm very concerned about the scar on his forehead?" Mr. Lu said with a chuckle, "I care so much, why not go to the plastic surgery hospital to get rid of it."

As he said, he lost the interest in talking to the crazy woman in front of him, and he lifted his foot and was about to leave.

"I am not covering this scar. In this life, I can't remove it."

Suddenly!

Mr. Lu raised his foot and put it down. There was a long silence, a very low voice, resounding in this box:

"Once, there was a woman, she also said that the scar on her forehead can't be removed in this life, with bangs, not to cover this scar."

Anna Jian's heart beat a bit... because of her own experience, she can better understand the pain behind this sentence.

"Is the person who said this, is she the one you love?" For some reason, she clearly knew that with her humbleness, she shouldn't talk too much. The moment she asked, regretted it.

Anna, don't forget, you are just a reformer who came out of jail for murder!

"No, I don't love her" Anna Jian heard Mr. Lu say: "And I, the person she loved, so she died."

"..."

"She loves me, she loves to the bones, so she died, she died very miserably." Anna Jian stood stiffly and looked at Mr. Lu's figure. His voice was calm, as if she was simply talking about something. The stories of others are the same.

However, Anna Jian clearly heard the pain of a split heart from this calm voice.

She didn't know what to say, but subconsciously felt that this man, a little pitiful at the moment, subconsciously reached out, using the way her brother hugged her when she was injured when she was a child, but she still remembered her identity and remembered that she was just a reform-through-labor prisoner, Anna Jian awkwardly gestured and gently hugged President Lu.

President Lu froze, and he heard a gentle voice in his ear:

"If she knows that you love her, I think she will be very happy in another world. Her greatest wish in this life is to get your love."

Anna Jian is about to leave.

suddenly!

A strong force hugged her tightly. On her shoulders, with a heavy head resting on her shoulders, she heard a voice, very low, very low, passing in her ears:

"Sorry, An Ran. I love you, An Ran."

Anna Jian let go, this person, because she and the woman he loves, both have a scar on their foreheads, and they all say the same thing because of this scar. At this moment, he regards her as the woman he loves-An Ran, that he can no longer A woman who apologized and said "I love you" once in person.

"land....."

www.onlinefreenovels.com

Before he finished speaking, a icy voice came from the door: "Lu Chen, let her go."

Looking at the door, Anna Jian's face instantly turned pale!

Lu Chen, that is Mr. Lu, felt the trembling of the people around him at this moment. He narrowed his eyes and looked at the person at the door: "Oh, it was you!" It turned out to be you, making this woman scared like that and losing her mind. .

Danny Shen's slender body stood at the door, on the handsome face of the sword and axe, covered in frost, and her black eyes glanced at Anna beside Lu Chen:

"come."

The blood on Anna Jian's face faded, and the bottom of her eyes was clearly written with fear. She only felt that both feet were soft. At this moment, Danny Shen was full of coldness that made her timid.

Danny Shen narrowed his eyes, and the temperature of his voice dropped below zero: "It seems that you will never learn well."

Hearing that, Anna Jian was struck by lightning, fear filled his body, and raised his foot...

A hand grabbed her suddenly. Lu Chen looked at Danny Shen with a smile, "She has no time to deal with you now, Danny Shen, haven't you seen it? She's with me."

Click!

The finger bones made noises, and the storm condensed in Danny Shen's black eyes. Ying Ying's eyes completely ignored Lu Chen on the side. He pressed Anna Jian, lifted his foot, step, step, patter, patter...towards Anna Jian Walked over:

"Who is it? I gave you the courage to seduce other men?" The man asked each word in a cold voice, "Or you, want to go back to that cage, eh?"

cage!

no no!

With her hands in her hands, she shook her head desperately, she didn't want it, she couldn't be locked in that place again, she was going to Erhai, she was going to pay off her debts, "No..."

The rough and stern voice just sounded, his eyes went dark, and his body fell softly to the ground.

"You are crazy!"

"Go away!"

Two voices sounded at the same time, and both hands stretched out towards Anna Jian's limp body at the same time.

“Go away!” Danny Shen grabbed the woman’s body, hugged her arms, and at the same time gave a sharp punch and slammed Lu Chen unceremoniously.

Chapter Thirty-Poor Worm

Lu Chen’s skill is also very good.

A flash, avoiding the fist wind.

Danny Shen and Lu Chen, after a punch, they both backed up at the same time, each holding one side and looking at each other.

Danny Shen’s face was cold, and his eyes flickered. How could he not see it? Lu Chen didn’t want to really do it with him. Otherwise, he wouldn’t be able to get out of his punch... Lu Chen is not going to face the difficulties For those who retreat, he will catch the enemy’s fist instead of avoiding it.

These are two completely different ways of being in the world.

Lu Chen is obviously the former.

“Stay away from her.” Abandoning these words, Shen Xiu held the person in his arms and prepared to leave.

When people arrived at the door, a warning came from behind: “I think you are my most important opponent. I advise you to see your heart early.” Don’t be like him, regret it at last.

Lu Chen blinked his eyelashes to hide the dimness in his eyes.

At the door, the male rénmiàn was expressionless: “My business has nothing to do with you.”

Lu Chen is not a nosy person. He didn’t want to say anything more. The corner of his eyes swept over the woman, and his heart softened: “Danny Shen, you are in love with her.”

Danny Shen was laughing and crying.

The corners of his mouth curled up, and he lowered his eyes to the woman in his arms...he fell in love with her?

Lu Chen also noticed Danny Shen's disapproval. He chuckled slightly...When did he become a saint, he kindly reminded his opponent not to make mistakes in emotions.

"Hey, I kindly advise you to make the last sentence, don't "lock up" this woman again."

Shen Xiu's long legs paused for a moment. The next second, his long legs stepped out of the box and walked straight toward the elevator.

Lu Chen supported the gold-rimmed glasses frame, patted the hem of the suit, and calmly followed Danny Shen's back and left the box.

...

The elevator dinged and stopped on the 28th floor.

As soon as the door opened, Shen Xiu quickly put the woman in her arms on the soft bed in the bedroom, took out her mobile phone and dialed a number "Come to Donghuang, 28th floor, there is a woman who fainted."

After speaking concisely, he cut off the call.

On the other end of the phone, Elio was stunned for a while, and then he suddenly realized: "Woman?"

Did Danny Shen take the woman to the building again?

Rather than rushing to save people, it is better to rushing to watch a good show. Elio, the white man pulled off his white coat, picked up the coat on the side, took the car key, and rushed out of the office for a long time.

"Doctor Bai, where are you going in such a hurry?"

"Go see a woman."

"..."

Elio hurried to the parking lot along the way, while calling Ray on the phone unkindly, "If you have a good show, should you go?"

"No time." The other party refused without thinking.

“Danny Shen’s great show.”

“Where?” Just now she refused, and immediately changed her mouth when she heard that it was Danny Shen.

Elior hooked up the corner of his mouth, “Emperor Dong, 28th floor.”

“I’m going! What’s so good about that? He doesn’t let anyone go up on the 28th floor. No more.”

“On the 28th floor, a woman fainted.”

“Wait, I am here!”

The two were so excited, they were speechless for their parents to see.

Asking them to receive year-end dividends may not necessarily be so positive.

Donghuang, 28th floor

The man stood by the head of the bed, with his hands in his pockets, looking down at the woman on the bed.

He knew that this woman’s face was very small, not as big as his palm.

But... When did this face become so thin?

Sunken eyes, pale face, peeling and dry lips... Where is Anna Jian who is flamboyant like a red rose? Where did you go?

Looking at the woman on the bed...Poor worm, these three words came to mind.

How could he fall in love with a humble and dignified poor? ?

He Danny Shen, how could he fall in love with such a woman?

A ridicule twisted from the corner of his mouth. This thought, even without time to settle in his heart, was ignored by him.

Disagree.

The phone vibrated, pressing the connect button, Elior arrived.

“Come on,” he said lightly on the phone, hung up, walked to the elevator door, and pressed a switch.

This elevator can reach the 28th floor where he is, but without a card, Bai Yu can't get up. He needs to press the switch at the elevator entrance.

Ding!

The elevator door opened, and Danny Shen was not surprised. Elior was not alone in the elevator.

“come in.”

Glancing at the two people in the elevator, Danny Shen didn't mean to stop Ray.

“Where is the woman?”

With blue light in Ray's eyes, he used his laser eyes to scan wherever he went, looking for the target.

“This is Donghuang, looking for women, there are many downstairs. What kind of woman do you want, tell Alora Smith, let her find you.”

Danny Shen said unhurriedly.

“amount.....”

Elior gave Ray a look of “Are you an idiot?”

“Cough...Danny Shen, the fainted woman you are talking about is not...she, right?” Ray and Elior followed Danny Shen into the bedroom and glanced over, a woman lying quietly on the bed. Take another look and take a closer look... Isn't the one lying on the bed just Anna Jian who was thrown into prison by Danny Shen?

He was so shocked that his jaw was about to fall!

After Elior saw the person on the bed, his eyes became very subtle, but his temperament was different from Ray, and he didn't exaggerately scream.

But again, like Ray, he was shocked the moment he saw people.

“Show her, it doesn’t matter.”

Beside, the man’s low voice said lightly.

With doubts in his heart, Elior squatted down quickly and checked Anna.

Try breathing, feel for pulse, Elior reaches out and unbuttons Anna...

A hand in the oblique stab quickly grabbed his wrist, and at the same time, a voice filled with dikes drank:

“what are you doing!”

“... Uh,” Elior followed the hand holding his wrist and looked over, and saw someone’s cold eyes, staring at him coldly. It looked like Elior, the best friend who grew up, couldn’t bear it. Shi Xiaogan’er trembled:

“Cough cough cough... I will check her heart and lung rhythm.”

“Check it, what do you unbutton her clothes for?”

“...” Elior’s mind is full of black lines, big brother! How can I auscultate her without unbuttoning her clothes?

“I have to help her auscultate. Chinese medicine is expected to be heard, and Western medicine also has it!”

Elior can’t wait to give Danny Shen a big eye!

After he explained, Danny Shen let go of his hand. He was about to reach out before continuing the action just now, unbuttoning his clothes.

I was blocked strongly by a hand: “I’m coming.”

Elior: “...”

Ray: “...”

The two looked at each other and saw the surprise in each other's eyes.

"Is this all right?" Danny Shen suddenly asked Xiang Elijor.

Elijor was taken aback, and hurriedly said, "Okay, okay."

Looking at a gap thick with the thumb that was untied...no, no, no!

"It's okay, it's just that I'm too emotional." After checking, Elijor jokingly said:

"I said, Danny Shen, how do I think you are special to Anna Jian?"

Chapter 31 Alu Alu

Elijor, you dare to say!

Ray, who had always looked unreliable, couldn't help but shudder and looked at Elijor.

"Ahem, Elijor, I don't think there is anything wrong with the two of us here. I'm hungry. You can eat with me."

Let's go let's go, man, while Danny Shen hasn't started to go crazy, let's go quickly...Ray said eagerly.

It's also true, doesn't Elijor know that Danny Shen and Anna Jian are celebrating the festival?

Anna Jian killed Adriana. Anna Jian was still the big Miss of the Jian family at that time. Danny Shen said that when he sent people to prison, they were sent to prison. Now that people are out of prison, they are not willing to let them go.

A fool can tell how much Danny Shen hates Anna.

How could Elijor, who always had a black belly, say such silly things!

Elijor remained unmoved, with a smile on the corner of his mouth, "Danny Shen, do you want to know," he said, suddenly pointing his finger at the woman on the bed: "Do you want to know, this woman's secret?"

He is a healer, and he is still quite famous.

If there is nothing wrong in the inspection just now, then all these years of working life will be wasted.

The man by the bed narrowed his eyes, looked at Elior carefully, and uttered two words: "I don't want to."

The secret of this woman? ...Even if this woman has a secret, he should know it first, not Elior!

There was an unnamed fire in my heart, besides him, this damned woman is still so close to others?

"Since I'm hungry, go down to eat."

Naked, Elior blinked his eyes: "Hey, the surname is Shen, do you want to be shameless and drive away if you don't need it?"

"Let's go, Elior." Ray hurriedly pulled Elior and stuffed Elior into the elevator.

"What are you doing!" In the elevator, Elior gave Ray a white look: "If you want to go, go by yourself, why do you drag me?"

Ray felt uncomfortable when he was so shocked by Elior: "Hey, the surname is Bai, don't be ignorant! Lao Tzu drags you away just for your own good."

Are you sick? You say that in front of Danny Shen. What do you mean by that, doesn't it mean that Danny Shen is interesting to Anna?

Is your brain sick, Danny Shen! Jane Tong!

The holiday between these two people is not one star or two points, that is Adriana's life!

Don't you know how much Danny Shen hates Anna? If you say you get people into jail, you get into jail. You don't dare to put a fart in the Jian family. Look at Anna Jian now, do you still have the style of proud Lingran three years ago?

At that time, the Jian's family Miss, it was an arrogant red rose on the big Shanghai beach, the most confident and arrogant personality, her pride, the son of the whole Shanghai beach, who didn't know, and even the first and second step was to meet Jane in person. Jiada Miss talked about a word...Anna back then was unparalleled.

To say a word of conscience, even if Adriana is under the name of Danny Shen, even if Adriana is protected by Danny Shen, she is no match for the brilliance of you in front of her.

But look again, the person lying in bed today, is she really Anna? Are you surprised when you first see it?

Make people like this, Danny Shen will be interesting to her? “

Elior exhaled a bad breath, with two long narrow eyes, he couldn't help turning on the Internet... “You know what a fart!”

“fu*k! If you have something to say, you have to curse?”

“If you know what a fart, it's all praise you. Okay, I invite you to supper.”

“You...ok! I want to eat the sour pork made by Uncle's mother.”

“fu*k you, in the middle of the night, you still want my old lady to get up to cook for you, just at the food stall at the door, eat or not, do not eat.”

“eat!”

Of course, these two elder brothers, of course, can't really eat food stalls.

...

Donghuang 28th Floor

Danny Shen stood by the bed, squinting at the woman on the bed... secret?

What's this woman's secret...?

Why does Elior know that, he doesn't?

Pick up the mobile phone and dial to the subordinates.

“.” On the phone, Shen Yi's voice came respectfully.

“help me.....”

Danny Shen just spoke.

On the bed, a rant came:

“Alu, don’t go...”

The man holding the phone while talking, holding the palm of the phone, suddenly tightened!

“Alu, let’s go there together, go together...”

The deep black eyes suddenly shrank!

Shen Yi’s voice is still coming from the phone: “?”

Beside the bed, the man’s face was covered with frost, his eyes drooped, and he looked straight at the woman on the bed. In a cold voice, he said on the phone without emotion, “It’s okay.” He cut off. Call.

The phone was thrown aside by him, and his slender body suddenly bent down!

Toward her, long arms full of strength, stretch out!

Poke the chin of the person on the bed!

Anna Jian’s sudden pain in the nightmare, the pain pulled her back to reality from that nightmare, opened her eyes, a magnified handsome face, right in front of her, has not yet figured out the situation.

That voice, like a nightmare she could never shake off, asked violently:

“Open your eyes and see clearly! Who am I!”

Danny Shen’s blue veins are exposed on her forehead!

Alu?

Alu? ? ?

Is it so close already?

When did you hook up with Lu Chen!

“It hurts...” Anna Jian frowned.

“It hurts?” The cold voice, with boundless anger, suddenly sneered: “It hurts? Anna, believe me, there are things that make you hurt even more!”

“Let me see clearly! You are lying on my bed with Danny Shen, yelling other people’s names! A Lu? Are you so close to him?”

Anna Jian’s face paled.

How does he know Alu?

A trace of pain in her heart being torn apart... Alu, is the secret in her heart that she does not want to be known!

It’s her debt!

Unpaid debts!

The nervous, anxious expression, in Danny Shen’s eyes, interpreted it as another meaning, he was even more angry, and the fire in his heart was burning more and more for some reason!

“Anna, be safe. Remember who you are!”

The blood on Anna Jian’s face was pulled away instantly!

Danny Shen didn’t scold her, didn’t have any insulting words, but these words, more than those humiliating words, weighed her out of breath!

He was reminding her that the “mistakes” she made in the past, she is now just a labor reformer!

For him, that love, the rest is fear.

She lowered her eyes in silence, her eyelashes covered her eyes and blocked everything from the outside world, just like her closed heart...Danny Shen, I know, I’m just a prisoner of the number “926”.

“Mr. Shen, I’m sorry.”

The woman speaks very slowly and slowly, “Mr. Shen, I always remember that I am just a “926” reform-through labor criminal. I am nothing.”

Silent, she didn’t need his mercy or his understanding. Although she didn’t know what she had done wrong, she still said:

“Mr. Shen, if I do something wrong, no matter how you punish me, I can. I just beg you, let me leave Donghuang alive.”

He always hates her.

But, she wants to live, she wants to be free, she wants to...leave!

Slowly, she gently pushed away his hand holding her chin, supported the edge of the bed, got out of the bed, bent her knees under the startled eyes of the man, her dignity...that seems to be a long time ago. .

Chapter 32: Let me ask you one last time

“Boom!”

The sound of knees hitting the ground!

“Mr. Shen, I will definitely score five million points on that card. I will work hard. Please trust me. Watermark advertising test. Give me more time for the watermark advertising test.”

Five million, it was this man’s troubles, his humiliation and revenge...If this can make him feel better and calm him down, then she can do anything.

Five million freedom.

The nameless fire in Danny Shen’s heart is burning more and more!

He hadn’t noticed it himself, his eyes looked at Anna, mixed with complicated pain!

Such a woman!

Cartilaginous head, poor worm, humble, poor... When will this vocabulary be used on this woman!

kneel?

kneel!

Damn it!

“Your knee is really so worthless?”

Ha, ha ha... ha ha ha! Anna Jian opened her eyes wide, she didn't dare to blink, for fear that her sour eyes would cry.

She is afraid of being beaten.

It's not that I'm afraid of the pain, it's that kind of self-esteem crashing in my heart when I'm being beaten!

Danny Shen, do you know that in that prison, I didn't dare to cry, every time I shed tears, I definitely provoke a severe beating.

Did you know that Anna is no longer Anna.

Did you know that when everyone was joking at me when I was tied to the toilet to sleep, I used to think that I was not alone, but an animal, or a dog! is pig!

“I will ask you one last time, Anna, do you really want to be dignified?” The man is cold, he has always been invisible, and others can't detect his thoughts.

No one could tell that the anger and pain buried under this cold voice were not even noticed by him.

Jane Tong's hands on the ground were shaking.

Hurry down and stare at the ground in front of him.

Dignity, what is dignity?

The three-year prison sentence is long gone.

The eyes were sore and uncomfortable, and the girl beside her ears, her name was Alu, she said: Little Tong Sister, please cry, I see you like this, I feel uncomfortable. I will help you close the door so they won't be able to see it. You have a good time cry.

Then she cried.

Then, the girl, Alu, was implicated by herself and beaten with herself.

Danny Shen, I don't even have the right to cry.

What do you mean by dignity?

"Anna, it's not Anna anymore." The woman said to Danny Shen in a rough voice.

At this moment, a person like Danny Shen who is indescribable, also opened his eyes wide, and his eyes were looking at the woman on the ground in disbelief!

She just... said it!

She just... admit it!

The atmosphere is suddenly quiet.

In the bedroom, there was a weird and strange air current... suddenly!

The man's thin lips slowly pulled out a smile, "Since Miss Anna said this personally, Shen is not good enough to live up to Miss Anna's wish. From now on, he will ask Miss Anna to work in the East Emperor." "

Anna Jian smiled silently.

He lowered his eyes, and the sorrow in his eyes could not be seen.

Danny Shen, why bother?

Isn't it you who made me like this?

Mutilated body, broken soul...What the hell do you have left for me? Let me maintain that once proud heart?

Why bother without knowing anything.

Don't you know everything about the orders you gave people to make me what I am now?

How can I still be like the Jane boy three years ago? That proud and confident look!

"Thank you Mr. Shen."

Her pink lips were pale, her lips were cracked, and she felt pain when she moved.

This sentence easily irritated the man.

"roll!"

"Yes."

"I will let you "get out!"

Danny Shen looked at the woman coldly, and the latter, very obedient or even hesitating without a trace of dissatisfaction, really, just curled up into a ball on the ground like this:
"Yes, President Shen."

So obedient... why is it so annoying!

So faceless and skinless... why is it so unpleasant!

That way... Danny Shen suddenly raised his foot, walked a few steps to the "ball", stretched out his long arms, holding the "ball" collar, quickly walked to the elevator entrance, and threw the "ball" in. : "Get off! Don't get in the way of my eyes!"

The elevator goes straight down.

The door opened, and Alora Smith came hurriedly: "Are you okay?"

She had heard that President Shen took the people away.

That person Lu Chen has never been nosy.

Alora Smith looked at Anna Jian up and down. If Anna Jian had an angelic appearance and a devil's figure, he was fascinated by Lu Chen's eyes, that would still be explained.

But the woman in front of her... Alora Smith shook her head.

As soon as I grasped Anna Jian's arm, as soon as I grasped it, surprise flashed through his eyes, and suddenly raised his head to look at Anna Jian's face in surprise: "Are you shaking?"

"I'm fine."

"..." Alora Smith rolled her eyes secretly, anyway, trying to ask questions from Anna Jian's mouth, it was difficult to reach the sky.

"Your temper is too stubborn."

Jane Tong said nothing.

"Are you hungry? I'll take you to eat something to make up for. You don't have to go to work today."

Alora Smith didn't understand why she wanted to be so special about Anna Jian who wanted to have no appearance, no body, and nothing.

Actually...she might know it. Just don't want to admit it.

It seems that being better to Anna is to be better to myself.

"No. The company has a canteen."

"You..." This woman is so stubborn!

Alora Smith shook his head. Everyone said that Anna Jian was humble and selfless. How can I not see the humble arrogance of this woman!

"You used to be a confident person, right?" Alora Smith asked inadvertently.

Anna Jian trembled for a long time, as if it was a century before slowly squirming her lips: "It used to be...it seems to be something in the previous life."

“Wait a minute, this check is here for you.” Alora Smith handed Anna Jian a check: “Mr. Lu asked me to give it to you.”

“So much?” Anna Jian was also startled when he saw the amount on the check.

Alora Smith smiled bitterly: “I was also taken aback at the time. Boy, tell me, what have you done to this President Lu? You flattered him so generously.” It was just half a million!

Such a big deal is not absent in Donghuang.

It’s just that Jane...?

Alora Smith looked at Anna Jian again, it was not that she underestimated Anna Jian, it was just that she looked at the face of the world now.

Lu Chen is a talent, outstanding and extraordinary. In this city, Danny Shen and Danny Shen are often mentioned as topical figures.

“Sister Alora, this, please help me deposit that bank card.” Anna Jian returned the check to Alora Smith: “Sister Alora, do you have any work?”

“You!” Hey...

Donghuang International, 28th floor

The man stood in front of the French window, quietly looking at the Pearl Tower not far away, the smoke between his slender fingers, burning to the end, a long string of soot, finally unable to hold it, silently fell, his hand was burnt, the man’s eyebrows With a move, throw away the cigarette butt in his hand.

Picking up the phone: “Book me a flight to New York... Yes, I will leave tomorrow morning.”

Hanging up the phone, the man pursed his thin lips, closing his indifferent eyes...

Chapter 33 Henry Xiao VS Anna Jian

Danny Shen went to New York, and Alora Smith didn’t know about it. After all, Donghuang International was just an industry under Danny Shen’s name, not even a special industry.

It's just a place to play for myself.

It's just because that day, here, I saw Anna Jian.

Shen's Group is Danny Shen's base camp.

The Shen family is a behemoth, a real wealthy family.

The Shen family has inheritance and passed on for several generations. Under the care of generations, the Shen family has become more and more prosperous.

In the hands of Danny Shen, the prosperity and scale of the Shen family is unprecedented.

On Danny Shen's third day, Anna Jian once again met an acquaintance in Donghuang International.

"Why do you like to walk the stairwell so much?" Henry Xiao has a wicked breath, and it is easy to confuse a lot of women. Henry Xiao himself knows his charm, naturally, he has always been handy when he travels among the flowers.

Unexpectedly, smoking a cigarette in the stairwell would meet such an interesting woman. Henry Xiao still smelled of nicotine right now.

Anna Jian opened her mouth, still a little confused... "You are..."

"Why, forgot me so soon?" A wicked smile appeared on thin lips, and a hand approached Anna's face, slowly, downward... His gaze also followed his fingers, slowly It fell on that unpleasant lip.

All of a sudden, the feeling of that ki\$\$ was remembered in an instant... I wanted to really want to taste it again.

This lip—what kind of magic power is it, after returning from a business trip, he ran here non-stop.

"Here you," in Henry Xiao's eyes, only the lips and slender fingertips touched Anna Jian's lips. Anna Jian tilted his head to avoid him. Henry Xiao was not angry, but said with a chuckle: "do not move."

While speaking, she stretched her fingers to the flap of lips again...How could Anna Jian not move, she turned away embarrassedly.

“If you move any more, I will ki\$\$ it directly.” Henry Xiao’s words were really explicit.

Anna Jian’s ears are red...how can there be such a person!

Henry Xiao was happy.

This woman... is blushing just because of this?

God!

Is there still such a naive woman today?

It can be called a living fossil... it is unprecedentedly rare!

Anna Jian didn’t understand man’s heart. When she was in college, she was thrown into that prison. Danny Shen didn’t give her a chance to grow from a girl to a woman, and years didn’t give her a chance to change.

To this day, she still does not understand men and men like most women in the Eastern Empire.

“I remember you, you are... Mr. Xiao.” She quickly changed the subject.

Henry Xiao didn’t hear it. He just rubbed her lips with his fingers, and said to himself: “Here you...” His fingers were touching her lips, but there was a strange electric current passing from his fingers. When he reached the limbs, Henry Xiao was stunned...

I looked at the woman who was pressed by him on the elevator handrail in front of me, puzzledly...Why?

He didn’t think her appearance and figure had any attraction to him.

Sure enough, is it just because of a good lip?

“You...I want to confirm a very important thing.” Henry Xiao said something that Anna couldn’t understand. This is too inexplicable, even if it is someone else, it will not be able to listen. Get it.

When the words fell, Anna Jian had no time to understand what he meant, and his lips were covered with warmth.

Her eyes widened suddenly!

what is this?

what is this!

“Cough, cough...” A light cough sounded, Anna Jian was taken aback, suddenly awake, and stretched out his hand to push Henry Xiao away from the ki\$\$.

Toward that cough prestige past.

“Ahem, sorry to disturb you.” It was Susie.

Susie has been a bit miserable recently.

Otherwise, how could you run up and down the stairs laboriously without sitting in the elevator?

I never knew that the struggle in the elevator...It turned out to be so exciting.

No need to ask, Susie, like Anna at the time, was deliberately shaved.

It's just that Susie never expected to see this scene in the stairwell.

Henry Xiao... she knows!

It was the president of the Xiao Group, so handsome and handsome, and many women in the club wanted to be on the list.

But... Anna Jian?

Everyone wanted the fifth diamond king on the list, but would actually ki\$\$ a... ugly and lame cripple in the stairwell?

I don't know if it's because of the seeming suppression in the East Emperor's recently or because of the inexplicable jealousy in his heart. Susie knows that at this time, if he doesn't want to cause trouble, the best choice is to leave. When he doesn't see anything, .

However, when she saw that the woman Henry Xiao ki\$\$ed was Anna... she was so angry and jealous that she couldn't help but interrupt the two.

Seeing Susie, Anna Jian slowly lowered her head and remained silent. This was her current attitude towards Susie.

"Mr. Xiao, I have something to do, let's go first."

Henry Xiao heard the woman's unique croaking voice, he was able to stop the woman, but at this moment, his own mood was a little unstable, his eyes watched Anna Jian go upstairs and leave behind.

"Mr. Xiao. This is Susie."

The man in front of him is simply the perfect man in his mind.

A handsome appearance, a handsome face, a figure comparable to a model, and a temperament exuded from the whole body... Susie found that his heart was beating fast.

Henry Xiao slowly turned his head, his gaze finally fell on Susie from the direction Anna had left. The woman who suddenly appeared on the opposite side...No, she should be called a girl, more appropriate.

The corner of Henry Xiao's mouth was always smiling, and he stared at the girl not far away... Henry Xiao could see clearly what was going on with that girl.

The pink face is shy, the red face, the youthful vitality, the elastic skin...There is indeed a pure and moving vitality.

But... what should I do?

He was now full of the ugly woman's red ears, reached out his hand and touched the lips, ki\$\$ed her twice, and felt stronger than once.

For the first time, I only had time to touch her lips, and it was a good thing for the surname Shen.

The second time, just a moment ago, there was only time to ki\$\$ her lips, too much time to feel, too late to deepen the ki\$\$, and another good thing was broken by a good deed.

She raised her peach blossom eyes, and glanced at the girl who claimed to be Susie opposite. The smile on Henry Xiao's mouth remained unchanged, "Your name is Susie?"

Susie's breath suddenly became excited: "Yes, I, I, my name is Susie. Xiao, Mr. Xiao, I, I will fuwu for you. Ah... No, I mean, I am the fuwu student here. I, I ..."

"Heh~" A low chuckle, overflowing melodiously from Henry Xiao's throat, the corner of Henry Xiao's mouth became deeper, his slender thighs stepped towards Susie, "You want to fuwu for me?"

"I....."

"Don't be nervous. You are cute."

The melodious voice of xinggǎn heard in Susie's ears, her chest was like beating a drum, and her face blushed, Henry Xiao's eyes flashed a trace of coldness...really, she poured into her appetite, pretentious.

But he said, "I remember you, go to work." He gracefully passed Susie, with a tall and slender body, and slowly descended the stairs.

It's just that, when he came this way, Susie's heart of a young girl fell on him.

This... is really a cruel man!

Susie went upstairs, met Anna Jian, and felt uneasy: "Female cousin."

Chapter Thirty Four

Anna Jian did not understand why her former roommate would slanderously when meeting. Watermark advertising test Is the watermark advertising test really because she is so unbearable, so disgusting?

Gently pulled open the corners of his mouth, a sorrowful smile appeared.

She glanced at Susie silently, and that glance might not have any special meaning, it might be a kind of "recognition." Turning around, Anna Jian slowly disappeared into Susie's eyes using her lameness.

Susie was as uncomfortable as if someone had caught his neck. The palm of his thigh was hanging down, and his fist was angrily clenched, his eyes fixed on the deep and shallow back.

She doesn't understand, this woman is so pitiful, why is she so arrogant in front of her just now!

She-Anna Jian!

Why arrogant!

A cripple!

A poor beg for money!

An ugly monster who doesn't have a good looks or a body, but still hooks up with men everywhere!

She thought of Henry Xiao's charming and handsome face again, and Susie felt even more resentful in her heart... This bit*h must have taken the initiative to seduce Mr. Xiao!

Someone beside him kept watching Susie and Anna until Anna left. Everyone around Susie's performance could be seen in his eyes, although this Susie was still unwelcome.

However, people's gossip psychology is always very strong, able to overcome a moment of disgust, and ask with ulterior motives: "What's the matter, Susie? Why are you arguing with her again?"

"She" naturally refers to Anna Jian.

Susie was angry. When asked by someone like this, he sneered and said, "Will I be on the bar with a Hu Meizi?"

When the people next to me heard the words "Hu Meizi", their eyes suddenly brightened: There is a show!

"Hey, what Hu Meizi? That Anna?"

Susie pounded garlic: "I just saw her and Mr. Xiao hugged in the stairwell."

Mr. Xiao?

These three words are not sensitive!

“Mr. Xiao, wouldn't it be Mr. Henry Xiao?” Someone exclaimed, “No, that's the fifth of the super diamond king, rich, gold, handsome and tasteful. Can you look at her? A cleaner?”

“I saw it with my own eyes. They hugged and ki\$\$ed in the stairwell.” A trace of jealousy flashed through Susie's eyes.

Why!

That woman is nothing, ugly and lame with no education, willing to do anything for money, such a dirty woman, why is she...she!

Susie has long forgotten Anna's goodness.

“It is her who knows people, knows face and does not know heart. I used to live in a dormitory with her. At that time, she was a cleaner, and she was silent every day. I thought it was a peaceful place.

I didn't expect it to be like this, living in a dormitory with this kind of person, breathing the same air every day, I almost vomited!”

“This Jane boy is really...”

www.onlinefreenovels.com

“Shut up!” At this moment, a voice came, “Are you guys doing nothing? Are you full? Have you forgotten about Jenny and Luna?”

The person here is Annie, who can be said to be Donghuang's longest qualification...fuwusheng!

When Susie saw Annie, he suddenly remembered that it was this Annie. Before so many rénmiàn, she embarrassed herself and refused to let Xiaoxiao talk to herself. The enemy was extremely jealous when they met!

“Some people just relied on their own work in Donghuang for a long time. They are proud of themselves and criticize others everywhere without looking at them. They are just a fuwu student.” After all, Susie graduated from s college, and his mouth is very sharp. .

Annie didn't even look at Susie. She sneered at the others: "I kindly remind you not to follow in the footsteps of Jenny and Luna. I love to listen."

After speaking, Annie turned around and left. When she walked to the corner, she could still hear the gossip coming from behind:

"This Annie takes herself too seriously. She always talks about Jenny and Luna. Jenny and Luna are against the taboo of the Eastern Emperor. The people at the top of the Eastern Emperor hate to gossip. , But it does not prohibit private competition.

Don't talk about Donghuang, it's the same for which company you are changing. Annie still talks about Jenny with Luna, which is basically different. "

At the corner, Annie shook her head secretly, looking for the dead, unable to persuade.

It's just that Anna Jian...it seems to be going to suffer again.

Annie doesn't plan to make a small report. It's good not to provoke a commotion.

In Donghuang, I learned long ago that it doesn't matter to hang up high.

It is her righteousness to persuade those people for the sake of her former colleagues.

As for persuading and not listening... "Forget it, those messy things are my business."

...

after get off work

There was a sudden light rain outside. At first, the rain was not heavy, and Anna Jian would slowly walk back every night.

Naturally, tonight is no exception.

There is a 24-hour convenience store opposite Donghuang, in front of the cashier.

"Miss, fifty-six yuan in total." On the cash register, there was an umbrella. Anna Jian glanced at the umbrella. It was already the cheapest one in this 24-hour convenience store. She looked at the wallet in her hand. It was fifty-six dollars. Of course she had it, hesitating...

“Thank you, it suddenly occurred to me that the rain is not heavy, and this umbrella may not be needed.”

Walking out of the convenience store, Anna Jian wrapped her clothes tightly, curled up into a ball, buried her head, and walked forward.

The rain is not heavy, and it is not too uncomfortable for her, but the left waist is empty, and whenever the weather changes, it will always be painful.

It's hard to get home soon, this god, like a face change, in an instant, “Wow!” Pouring rain!

When I got home, I stabbed the key into the door and couldn't open it.

Poke again... still can't open!

Anna Jian was stunned. Looking at the tightly closed door panel, he was stunned for a while, then... he pulled out a wry smile.

She and Susie still live in the dormitory together. After that incident, between her and Susie, there was even more water in the river.

In fact, if two people like this live together, I am afraid no one feels comfortable. I don't know if Ms. Alora forgot to change the dormitory, or that the company believes that this kind of small contradiction between employees is not worth mentioning.

Since that day, Susie's attitude towards him has changed drastically.

However, even if Susie dismissed herself again, like today, the thing of locking the door to prevent her from entering the house has never happened.

“Susie, Qin...” She opened her throat, trying to call the people in the room to open the door. But as soon as she shouted, the voice stopped abruptly, and she slowly lowered her head, she closed her mouth... The people in the room had made up their minds not to let themselves into the house, and no matter how she shouted, they would not hear .

I can never wake a person who pretends to be asleep...Is it?

Standing at the gate, Anna Jian looked up to the ceiling... “Hey, there is nowhere to go...”

With a light sigh, the woman turned her back to the door and slowly slid down, leaning against the door panel behind her, wrapping her clothes tighter, it was so cold...

After wrapping it up, the clothes on her body were still wet... so cold... This night, she leaned on the door panel behind her, and fell asleep.

Chapter 35 Making Things Difficult

Endless nightmares, the cycle of every night every night.

Standing on the edge of a cliff, suddenly like falling into the abyss! ...Anna Jian, wake up.

It was not a cliff, but the door behind him was pulled open from the inside.

“Do you have a problem, you have a bed but don’t sleep, sleep at the gate?”

Since that incident, when Susie saw Anna, she turned a blind eye and put on an indifferent and high expression. Although she looked down on Anna, Susie did not talk to Anna, as if talking to Anna, she lowered it. Grade.

And early this morning, in the dormitory where the two of them lived together, Susie spoke to Anna Jian with a rare kind of kindness.

But... this is really not a good thing, it's better not to say it.

With dizziness and panic, Anna Jian really didn't want to deal with Susie.

“Last night, the door was locked.”

Anna Jian said lightly, if there are some words, just click them until they are finished.

She didn't expect Susie to apologize to her, only that Susie could stop there.

Susie's unsalty and undiminished voice came in his ears: “Oh~ the door is locked, maybe I accidentally bumped it when I closed the door yesterday.”

Accidentally bumped into it? ...This is not a ghost.

Anna Jian shook his head, not wanting to argue with Susie, his head became heavier and heavier, and the surrounding scenes were spinning.

“Speaking of it, I’m not to blame. If you accidentally bumped into it, the door is locked, won’t you speak for someone? What do you have a mouth for?”

Whispering in her ears, Anna Jian’s sore eyebrows gathered up the hills and ravines, and she finally raised her head: “Susie, I’m very tired.”

Tired, written on the face.

Susie didn’t seem to have heard of it, but suddenly looked at Anna, revealing a hint of malicious sarcasm:

“Oh... I see, your mouth is used for those shameless acts of abuse!”

“I’m very tired.” Anna Jian held on to the door frame, the fatigue in his eyebrows becoming thicker.

The pale face, without blood.

But Susie refused to let her into the house, still reluctant: “Hold on!” She grabbed Anna Jian who wanted to go into the house, with a cold light in her eyes:

“Anna, I warn you, don’t pester Henry Xiao anymore!”

Susie would never admit that she was jealous of Anna Jian and Henry Xiao being so close. She was a student of s University. She came to Donghuang to earn her studies and came to Donghuang. She is different from the others there. !

Anna Jian was holding the door frame... very tired, very tired, really didn’t want to argue with Susie, just wanted to lie down on that bed earlier.

“Susie, I am uncomfortable.”

Susie froze for a moment, just for a moment, and then, for some reason, as if he had received much insult, he was instantly excited:

“Anna, if you have enough, you will pretend to be pitiful. I just said a few words to you. Are you uncomfortable here, where?”

Anna Jian rubbed his eyebrows, really didn’t want to have any unnecessary conflicts with Susie:

“I got in the rain last night, didn’t you lock the door?”

Anna Jian only thought that he had told the truth. Unexpectedly, this truth completely stimulated Susie. Perhaps, Susie had opinions about Anna Jian, and everything Anna Jian said was wrong.

“What do you mean by this!” Susie’s face fell cold, “It wasn’t I who let the gods rain. Also, didn’t I already say it? Didn’t I notice the lock, you said it like I was It’s as if you are locked out of the door on purpose.”

Head-heavy, Anna Jian only felt that Nao Ren’er hurt even more when he heard Susie’s words. I really want to refute Susie, and I really want to vent my grievances unscrupulously.

When this idea just came to mind, before it had time to turn it into action, it was suppressed by Anna Jian himself.

Anna Jian, you are no longer the big Miss of the Jian family three years ago.

Anna Jian, you are just a reform-through-labor criminal who just got out of prison.

Anna Jian, Susie is a student of s University with a bright future. How about you, how about you, how about you!

Time, for Yu Anna, was a stinky shit, which witnessed her change from self-confidence to what she is now.

Don’t you want to vent your emotions wantonly?

No, it is impossible.

“Susie, you have misunderstood what I mean. I just said, I was in the rain all night and spent another night outside the door. Now I feel very uncomfortable. I feel dizzy. If you have anything, can you wait until I wake up? What?”

Nearly pleading, Anna Jian’s white lips revealed her weakness.

She couldn’t help but think of her three years ago. She couldn’t help but wondering what would she do if it was the Jane child three years ago?

Will you cringe like yourself?

Will you be like yourself, so humble that you don't want to cause trouble, don't want to offend anyone, and cowardly give in?

"Anna, are you disgusting or not? I have already told you that the door is locked, but it is not my intention. Don't you believe that it won't work? I have explained it to you. What do you want? Susie looked at Anna in front of him, and he thought of the scene in the stairwell naturally.

Not only the scene in the stairwell, but also in the 606 box, Henry Xiao suddenly appeared to relieve Anna Jian. Originally, Anna Jian was going to perform "ki\$\$ing" in public, and the object was just a small bodyguard!

The more I thought about it, the more sour bubbles in Susie's heart became.

Looking at Anna, I feel uncomfortable everywhere.

Moreover, the woman in front of her at the moment was even more angry when she saw her solemnity!

Just such a stubborn Anna Jian, what did Henry Xiao think of her?

To have a face without a face, a figure without a figure, a knowledge without knowledge, a mess of mud, why should Anna Jian confuse a distinguished man like Henry Xiao...unless...

"Hu Meizi!" Unless it was Anna who seduce Henry Xiao physically, Susie determined that this was the reason after some inferences.

Jane Tong lowered his head, covering the emotion in his eyes.

She will be angry too.

In three years, I learned to be forbearing, and I learned how to make things better.

Slowly, she raised her head and looked at Susie: "If you like Mr. Xiao, then you should not come to me. If you only have the ability to embarrass me, then Mr. Xiao will definitely look down on you."

Yes, it took her three years to learn to tolerate, and learn to make mistakes, but she couldn't change the pride that had been in her bones since she was born.

She would not scold Susie for deceiving people too much, but she could also make Susie crazy.

She even knew what words to use, in the most straightforward way, to end this unilateral oppression in disguise.

Susie's pretty face changed drastically, distorted, hideous, and it looked like she was not as pure as she used to be. Her eyes widened, and she looked at Anna in front of her in an incredible and unacceptable way. Poor underwhelming woman.

"A shameless woman like you, Henry Xiao would not like it, no one would like a shameless woman like you!" Susie glared at Anna with a distorted face, and shouted, as if shouting this sentence. After speaking, he recovered the self-esteem that had just been lost in front of Anna Jian.

Anna Jian's head was about to blossom, the fire was burning, and she felt cold and trembling all over, raising her head, Susie in front of her turned into countless ghosts, big and small, and distant and near. This is so, her hand, She squeezed quietly, and the pain of pinching her palm nails made her slightly awake. She had a word, and she must tell Susie to know:

"Susie, if you like someone, shouldn't you treat him sincerely, he is the only one left in your eyes?"

However, you seem to care more about my existence than Mr. Xiao. I don't understand. Is your like just talking? How much is your like true? "
